

MSBA FINANCE
ASSESSMENT PLAN

Mission/Vision Statement

The Finance Program is concerned with a variety of business problems. The study of corporate finance emphasizes the firm's internal financial policy making. The top financial executive would be responsible for financial planning, administration of funds, protection of assets, tax administration and investor relations. The allied area of investment deals with the evaluation and selection of securities. International finance focuses on the special problems confronting firms engaged in international transactions. The Finance program also covers the general environment of an economy, including the supply and demand for funds and their interest rates.
