Balancing Work & School

Your time is your most valuable resource. The Fowler College of Business recognizes the need for many students to work as a means of financing their education. However, we suggest that in order to be academically successful, students find a balance between the number of units taken and the number of hours worked per week.

Keep in mind, units taken at another school isn't equal to taking SDSU business courses. Another thing to remember, at SDSU (unlike many other schools) you cannot drop a course partway through the semester.

We recommend that you follow the guide below to manage the number of units you take at SDSU and the number of hours you plan to work while attending the university.

UNITS HRS/WK	MAX WORK HOURS & STUDY	
16+	0	32+ - 39+
13 TO 15	15	26 - 45
11 TO 12	25	22 - 36
6 TO 10	30	12 - 30

PLEASE VISIT, WWW.SDSU.EDU/UNDERGRADBIZ-->STUDENT SUCCESS AND RETENTION FOR MORE TIPS.

Studying Abroad

The Fowler College of Business at SDSU strongly recommends that all of our students study abroad. It is one of the best ways to gain intercultural competency skills essential in conducting business in the global marketplace.

Many study abroad programs: cost the same or less money than studying at SDSU; are taught in English; and offer courses that will count toward your major.

To study abroad you must first attend a Business Study Abroad Workshop. Choose a date from the CBAAbroad website (www.sdsu.edu/cbabroad), attend a Workshop, and then make an appointment to meet with a study abroad advisor to plan your international experience.

Get Involved
