Master of Business Administration: Accounting Specialization

College of Business Administration

Overview

The Master of Business Administration Accounting Specialization provides students with an academic curriculum that prepares them for career opportunities that require a broad understanding of financial statements and the use of accounting information for decision-making.

MBA Course Requirements

For general MBA program requirements please refer to the Official Program of Study for the Master of Business Administration (MBA).

Specialization Description

Accounting Specialization (12 units): Choose FOUR courses. Recommended courses differ between students with or without an accounting undergraduate degree. To assist with course planning for the Accounting Specialization, students should contact Professor Steve Gill (sgill@mail.sdsu.edu) before taking any accounting courses.
