Alumni Spotlight: Pat Geary

Pat Geary graduated SDSU in 2006 and entered the business world in the middle of a hot real estate market. As a sophomore at SDSU, he landed an internship at a boutique and commercial real estate brokerage company where he gained valuable hands-on experience. When he became a senior, he then began doing smaller transactions on his own and began as a full-commissioned broker upon his graduation. Since then, he has carved out a niche as an investment broker specializing in the sale and leasing of office, retail and industrial properties within the private capital/middle market space, with an emphasis on value-added/opportunistic investors. His clients

consist of private investors, family trusts and private equity funds, with properties spread all around San Diego County. He plans to continue to grow his brokerage business, help his clients grow their commercial real estate portfolios, and to improve as a well-rounded investment broker.

If you know of a student or alumni we should highlight please email us at realestate@mail.sdsu.edu.
