BMACC Program Requirements

Please read the following information and instructions before completing the application to apply to the BMACC program. Before you apply for the BMACC program, please be advised that this program is unique. It is a combined BS/MS program in which students earn the B.S. degree in Business Administration: Emphasis in Accounting, and then the M.S. degree in Accountancy.

Students must apply and be admitted to the BS/MS (4+1) program (BMACC). Once you apply and are admitted into the program, you must fulfill all undergraduate requirements of the BMACC program before completing graduate-level coursework. Concurrent enrollment in undergraduate and graduate coursework is not permitted. If you change your mind and decide to go back to the Accounting major BS degree, you will **not be able to re-enter the BMACC program** and the graduate units you have completed will **not count towards a graduate degree** at SDSU. Upon acceptance into BMACC, your major will be changed to the undergraduate BMACC 4+1 degree program. According to the Office of the Registrar, students adopt the current catalog year in which they change their major.

Students admitted to the BMACC program on or after August 19, 2026 will have their bachelor's degree conferred upon completion of undergraduate requirements and will then have their master's degree conferred separately upon completion of master's degree requirements.

***Note on Commencement**:* Students admitted to the BMACC program on or after August 19, 2026 *may participate in commencement exercises TWICE; once at the undergraduate ceremony upon completion of their bachelor's degree requirements and once at the graduate ceremony upon completion of their master's degree requirements.*

Requirements to Apply for the BMACC Program

Students are eligible to apply for the BMACC program at any time before their last semester of their undergraduate degree program. Students may apply for the BMACC program after earning a minimum "B+" grade in ACCTG 331 (**or** completing at least two core courses, defined by ACCTG 331 and one of the following: ACCTG 332, ACCTG 333, ACCTG 334, ACCTG 431, ACCTG 532 [formerly numbered ACCTG 432]). It is recommended that students apply for BMACC during their second semester of upper division if eligible. **Please note that meeting the minimum eligibility requirements does not guarantee admission.** Final selection is based on faculty discretion.

1. 3.0 Major GPA
2. 3.0 SDSU GPA
3. 3.0 Overall GPA

MSA Scholarship for BMACC Students

All applicants MUST check the "Yes" box to be considered for any BMACC/MSA scholarships. Failure to check the box will make you ineligible for any BMACC/MSA scholarships. All eligible scholarship applicants **must comply with all requirements and requests for information within the stipulated timelines.**

Submission Instructions

Please submit your BMACC application online at https://business.sdsu.edu/undergrad/bmacc. If you have any questions, please contact your assigned Accounting academic advisor.
